

Cash Register Head Resigns.

DAYTON, Ohio, July 18.—John H. Patterson today resigned as president of the National Cash Register Company, his son, Frederick B. Patterson, succeeding him.

WEAK WOMEN

cannot hope ever to become strong and well again unless they have plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps to make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on iron filings. Nuxated Iron does not injure the teeth nor upset the stomach; it is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, revitalizes worn-out, exhausted nerves and gives you new strength and energy. Over 4,000,000 people annually are using it. At all drug stores. Beware of substitutes. The genuine has N. I. stamped on every tablet. Always insist on having the genuine.

NUXATED IRON
For Red Blood, Strength and Endurance

TRAIN WRECK HALTS HONEYMOON; LOVE CRASH FOLLOWS

Hubby Says Wife's Ardor Cooled After Accident Brought Separation.

CHICAGO, July 18.—Nathan Lickerman says he lost his wife's love through a railroad accident, and he made out such a clear case today before Judge Harry Lewis in the superior court that he was given a divorce.

Lickerman, who is vice president of a local coal company, says he was an army officer two years ago, stationed in New York, where he met his wife, Rose, at her father's home. When he received his discharge from

the army they were married and started for Chicago on their honeymoon. At Batavia their train collided with a freight train. Mrs. Lickerman returned to New York to recover from the nervous shock. He came on to Chicago and later went back to New York to claim his bride. At her parents' home he was met by her father, who told him to "get out," as Rose did not want to see him again. He told the court that he has not seen her since the railroad wreck that cooled the fervor of her regard for him and that she refused to answer any of his letters or messages.

FROSTBURG CARRIER IS HELD BY P. O. OFFICIALS

FROSTBURG, Md., July 18.—George King, who carried the United States mail between the stations of Melcroft and Stewarton, was arrested on a warrant charging the theft of mail and registered letters. It is reported that since the arrest of King, the postal inspectors have found checks valued at approximately \$3,000.

It is alleged that he removed money from letters.

BOOZE DISAPPEARS IN ATLANTIC CITY AS PLOT IS BARED

More Arrests Expected in Police Probe of Huge Smuggling Scandal.

ATLANTIC CITY, N. J., July 18.—If there was a drop of red liquor in Atlantic City today it was well hidden.

The booze-smuggling scandal which has developed from the arrest of Emmanuel Katz, hotel proprietor, cast a spell of care over the owners of full cellars and the Sabbath word of greeting was: "Have you been arrested yet?" Conclusive evidence of smuggling practices of a huge booze-running

fleet was obtained in the Katz confiscation, police said. Of the 183 cases of Scotch whiskey were stenciled "Nassau, Bahamas" via New York. Police took this to mean the liquor had been shipped from the Bahamas.

They say it had been consigned that way to imply that the shipment had been sent from Canada via New York to Nassau, but that the smugglers had used this as a "blind."

The seized liquor was said to be a small portion of the big assignment believed to have been smuggled to the mainland from a vessel at sea during the last few days. It was taken after it had been landed in a deep inlet. Katz was held in \$2,000 bail. Two deputy sheriffs today sat guard over the liquor in the Cape May county courthouse.

Mine Sinks British Ship.

LONDON, July 18.—A dispatch to Lloyds from Kustendje, Roumania, says the British steamer General Turner, bound from the Danube to Rotterdam with grain and cattle, struck a mine July 13 off Callakra and sank. The members of the crew were saved.

LIFE LINE SAVES 329**FROM NIAGARA'S MAW**

OGDENSBURG, N. Y., July 18.—A small boat connected with land by a heavy cable hauled 329 tourist passengers through raging waters of the St. Lawrence to safety yesterday from the steamer Rapids King, of the Canada Steamship Line, which went on the rocks Saturday in the Long Sault rapids.

The cable was attached to the tiny craft because it was feared that if the boat were turned loose, or even had a larger boat been used, the churning waters would have swept it away. After the passengers were landed makeshift repairs were made upon the vessel, which had broken her rudder chain before being dashed against the rocks. The vessel later proceeded down stream under her own power.

KNIGHTS TEMPLAR DRILL**TEAM TO HOLD OUTING**

A fancy drill on the boardwalk will be one of the features of the annual outing of the drill team of Columbia Commandery, Knights Templar, to be held Friday at Chesapeake Beach. An elaborate athletic program has been

arranged. One of the features will be a tug-of-war between rival commanderies, the winning team to receive a silver cup. All local commanderies have been invited to accompany the drill team. Charles D. Shackelford is chairman of the arrangements committee.

Our Dental Offices Cool and Comfortable You Smile While We Work
